Philips Performer Compact
Vacuum cleaner with bag

**2000 W**
AirflowMax technology
ExtraClean nozzle
Long reach tool

**FC8385/02**

# Full performance. High suction power.

## With AirflowMax technology and ExtraClean nozzle

The new Philips Performer Compact vacuum cleaner delivers top cleaning performance with minimum effort. AirflowMax technology keeps the suction power stronger for longer. The ExtraClean nozzle removes dust efficiently on all floors.

### Remarkable cleaning results
- 2000 W motor for strong suction power
- Revolutionary AirflowMax technology for strong suction power
- New ExtraClean nozzle for thorough cleaning on all floors

### 1-year supply of dust bags*
- 5 s-bags and 1 s-fresh (scent granules)

### Effortless cleaning
- Long reach tool for difficult to access areas
- On-board accessories for ultimate convenience
- ActiveLock couplings to easily adjust to each cleaning task
- Compact and light for effortless cleaning and easy storage

### Clean air filter system
- Super Clean Air filter for dust-free, healthy air
- S-bag Classic Long Performance lasts up to 50% longer

PHILIPS

Vacuum cleaner with bag
2000 W AirflowMax technology, ExtraClean nozzle, Long reach tool

FC8385/02

# Highlights

### 2000 Watt motor

2000 W motor generates strong suction power for excellent cleaning results.

### AirflowMax technology

The unique AirflowMax technology keeps the suction power stronger for longer* to use the bag to the very end. The technology is build around the optimization of three key elements: 1) Unique ribs profile inside the dust chamber to maximize airflow around the dustbag and enable the use of the entire bag surface. 2) Specially designed dust chamber capacity that allows the dustbag to fully unfold uniformly. 3) High quality, non-clogging fibre structures in the dustbag absorb dust without blocking the pores, thus avoiding a reduction in suction power.

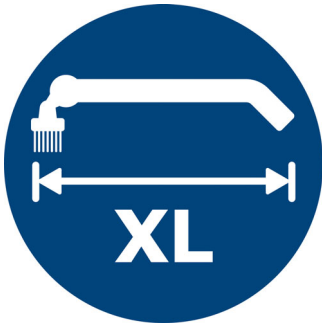
### ExtraClean nozzle

The new ExtraClean nozzle delivers a thorough cleanining on all types of floors. The nozzle is designed with a large front opening to pick up big crumbs, while at the same time it seals closely to the floor to ensure a good pick-up of the fine dust.

### 5 s-bags and 1 s-fresh

This product is supplied with additional 5 original Philips dust bags (s-bag®) and 1 pack of scent granules (s-fresh®). Thus, you will not need to buy any dust bags for 1 year after your vacuum cleaner purchase!

### Long reach tool



The Long reach tool is a clever accessory which helps you clean difficult areas like the top of the furniture or high shelves. The angle of the brush is adjustable, so you can have the exact instrument for your needs.

### On-board accessories

The vacuum cleaner is designed with integrated accessories, so that you do not need to carry extra pieces around while you clean. The crevice tool is stored in the canister, and a soft dusting brush is coveninently integrated in the handle of the appliance, always ready to use.

### ActiveLock couplings

The ActiveLock couplings allow you to easily connect and disconnect the different nozzles and accessories from the telescopic tube while cleaning.

# Specifications

## Performance
- Input power (max): 2000 W
- Input power (IEC): 1800 W
- Suction power (max): 375 W
- Sound power level: 83 dB
- Vacuum (max): 23.5 kPa

## Design
- Color: Star white

## Filtration
- Dust capacity: 3 l
- Dust bag type: s-bag Classic Long Performance
- Exhaust filter: Super Clean Air filter
- Motor filter: 1 layer foam filter

## Usability
- Action radius: 8 m
- Cord length: 5 m
- Tube type: Metal 2-piece telescopic tube
- Tube coupling: ActiveLock
- Wheel type: Rubber
- Carrying handle: Front

## Nozzles and accessories
- Standard nozzle: ExtraClean nozzle
- Accessories included: Crevice tool, Integrated brush
- Extra accessories: 5 s-bags, 1 s-fresh, Long reach tool

## Sustainability
- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

## Weight and dimensions
- Weight of product: 4.5 kg
- Dimensions of product (LxWxH): 400 x 251 x 282 mm mm
